Write About Yourself : I always present in my class and I try to do my best in the class. My love hobby is reading stories and poems. Football is my favorite game, I love it very much to see football match and I myself also like to play. There are six seasons in my country among them I love winter season and I like red color. My favorite fruit is mango. But normally my favorite food is rice and fish. In my leisure I love to roam and chat with my friends.

Aim in life and future occupation : I want to be a good teacher in future and wishes to help poor uneducated people. I wish also to take it as my profession and I want to help my parents.

Write a brief description about your home in the village and surroundings : My village name is Bakthalipara, it is situated in the forest area of Bandarban district. It is on the mountain, my village is very beautiful and I love my village. Maximum my village people are day labor and farmer. In my area there are many lack of facilities, we don't have good water, and good communication system. My village people are depending on hilly spring water. Maximum my village houses are made by wood, bamboo, straw and tin.

Give a short description of your school and of the study environment : The name of my school is Jalchatra Adventist Seminary and School. Our school is situated in the Modhupur upazila and District of Tangail. It is the place of forest land, in this year farmers are cultivate fruits more like banana, pineapple, jackfruits and many other fruits. Our school is very close to main road, only 5 minutes walking distance. This year many construction works is going on in our school it is boundary wall and extending dormitory and teachers quarter. I love my school very much.

What interesting story/experience have happened in your life/family : I was dreams to ride bicycle, I privilege this year to learn ride bicycle. I can now ride bicycle it was so much interesting to me.

Teacher's remarks about the child : He is an honest boy. He is an average student. I wish his successful future.
